

Outsource WordPress. Earn Passive Income. Focus on What You Do Best.

Scale your agency with reliable WordPress solutions and recurring revenue streams. We help marketing agencies outsource WordPress hosting and maintenance while earning ongoing income from every client.

How it works

Our Partnership Program is designed to help agencies, freelancers, and marketing professionals generate passive recurring income while offering premium WordPress services to their clients. Through our custom-built Webueno platform, partners can earn revenue from three powerful channels.

Earn Through Margins

Set your own price. Keep the profit.

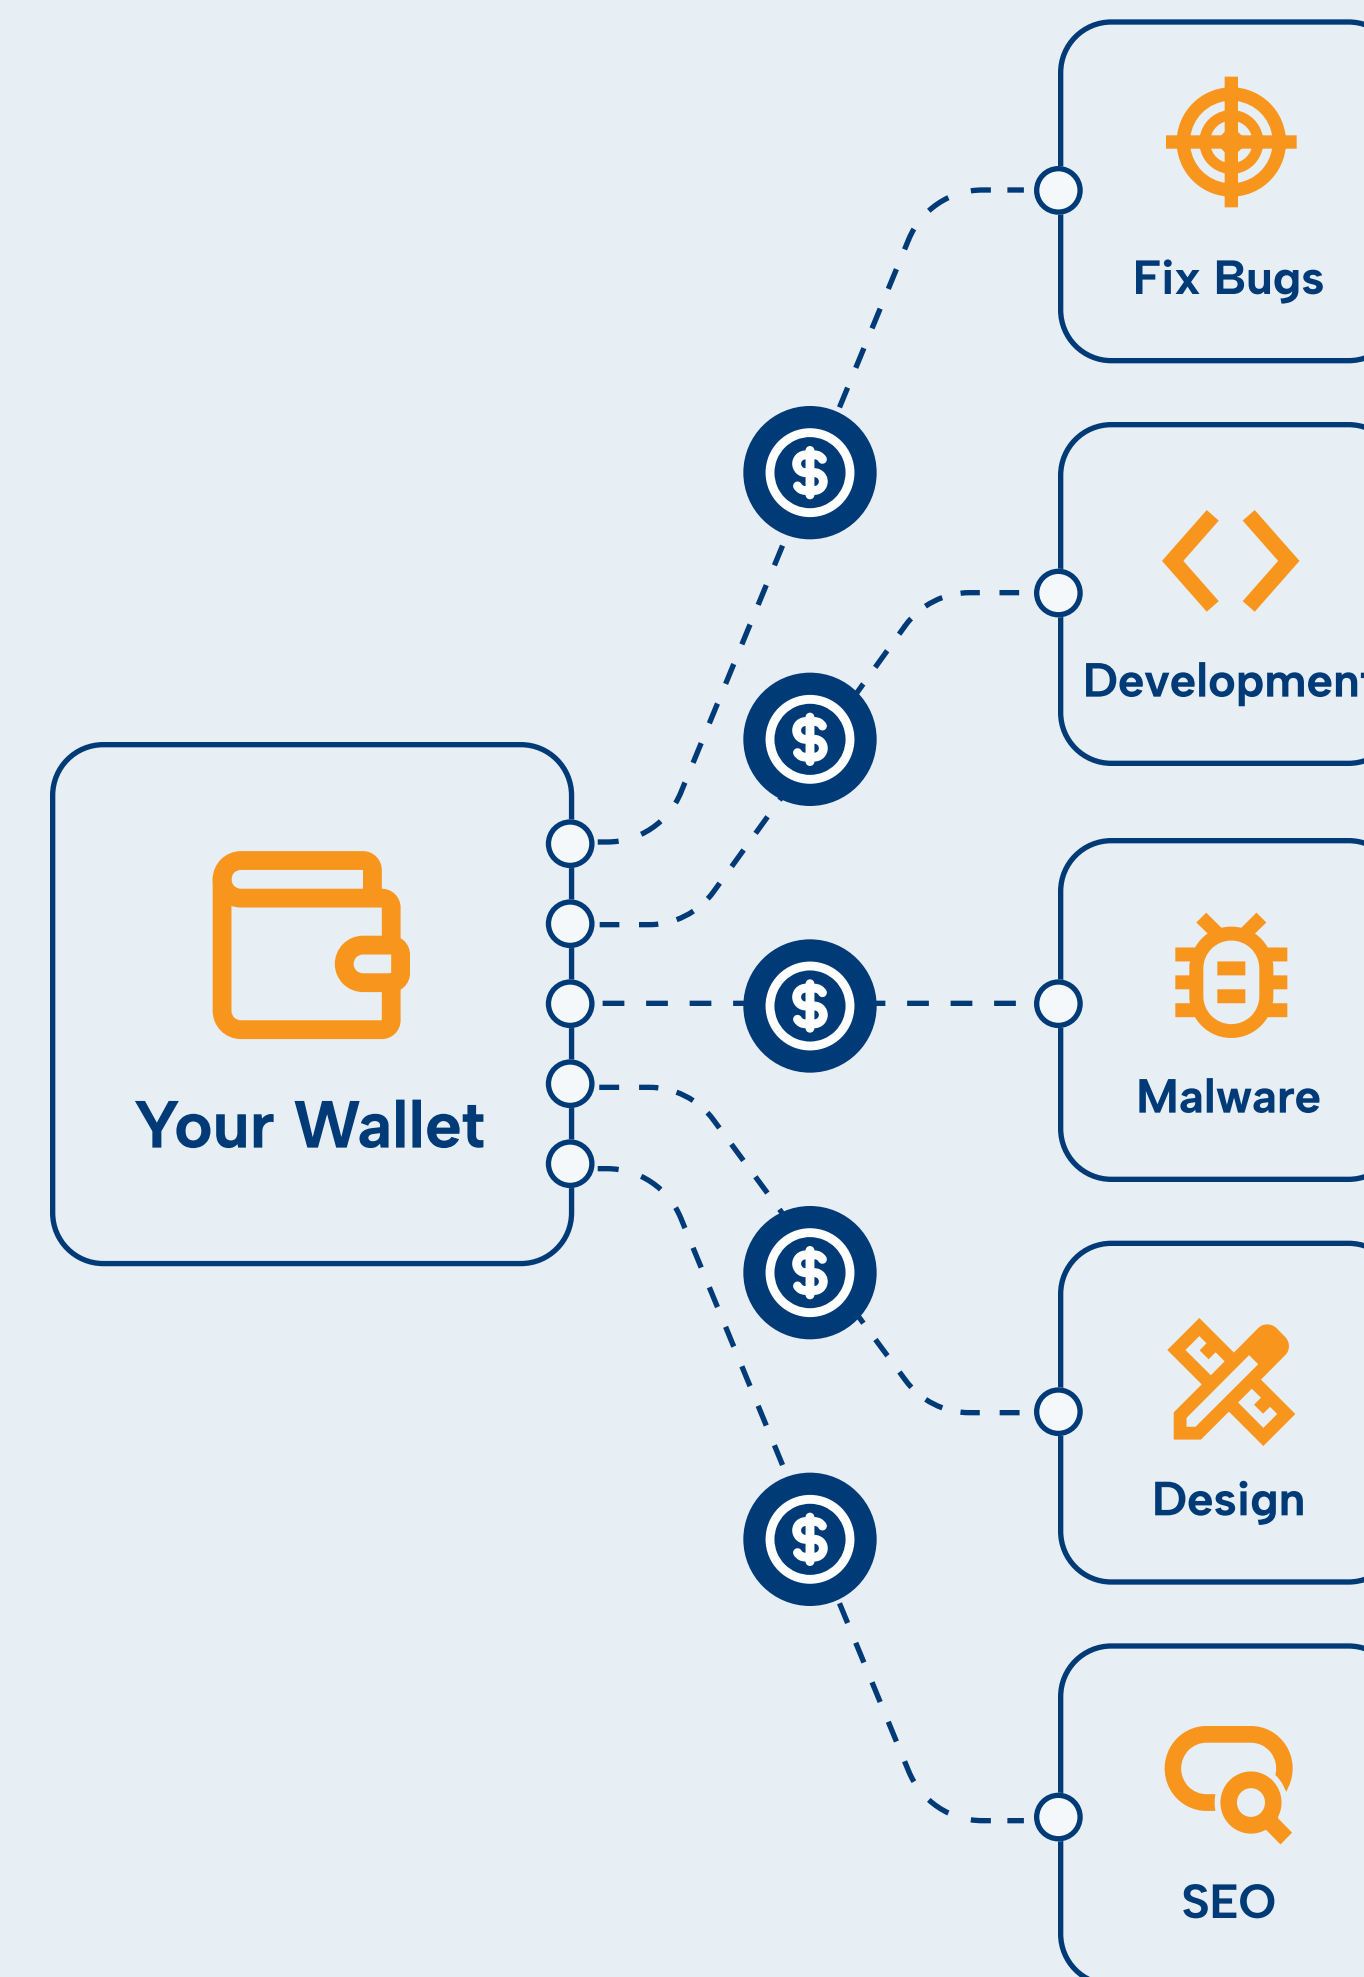

Webueno provides partners with a flexible billing structure based on credits, where:

- 1 credit = 1 hour of expert WordPress work
- Base Webueno cost per credit = \$30

As a partner, you can add your own margin on top of our base rate. For example:

- Webueno base rate: **\$30/credit**
- Your added margin: **+\$10**
- Your client pays: **\$40/hour**
- **You earn \$10 profit for every credit used**

Our desktop time-tracking app records the actual time our experts spend on your client's tasks, ensuring full transparency. The more your clients use WordPress services, the more passive income you earn — with zero additional labor on your side.

Monthly Recurring Income From Hosting

Earn 10% of every hosting plan you sell.

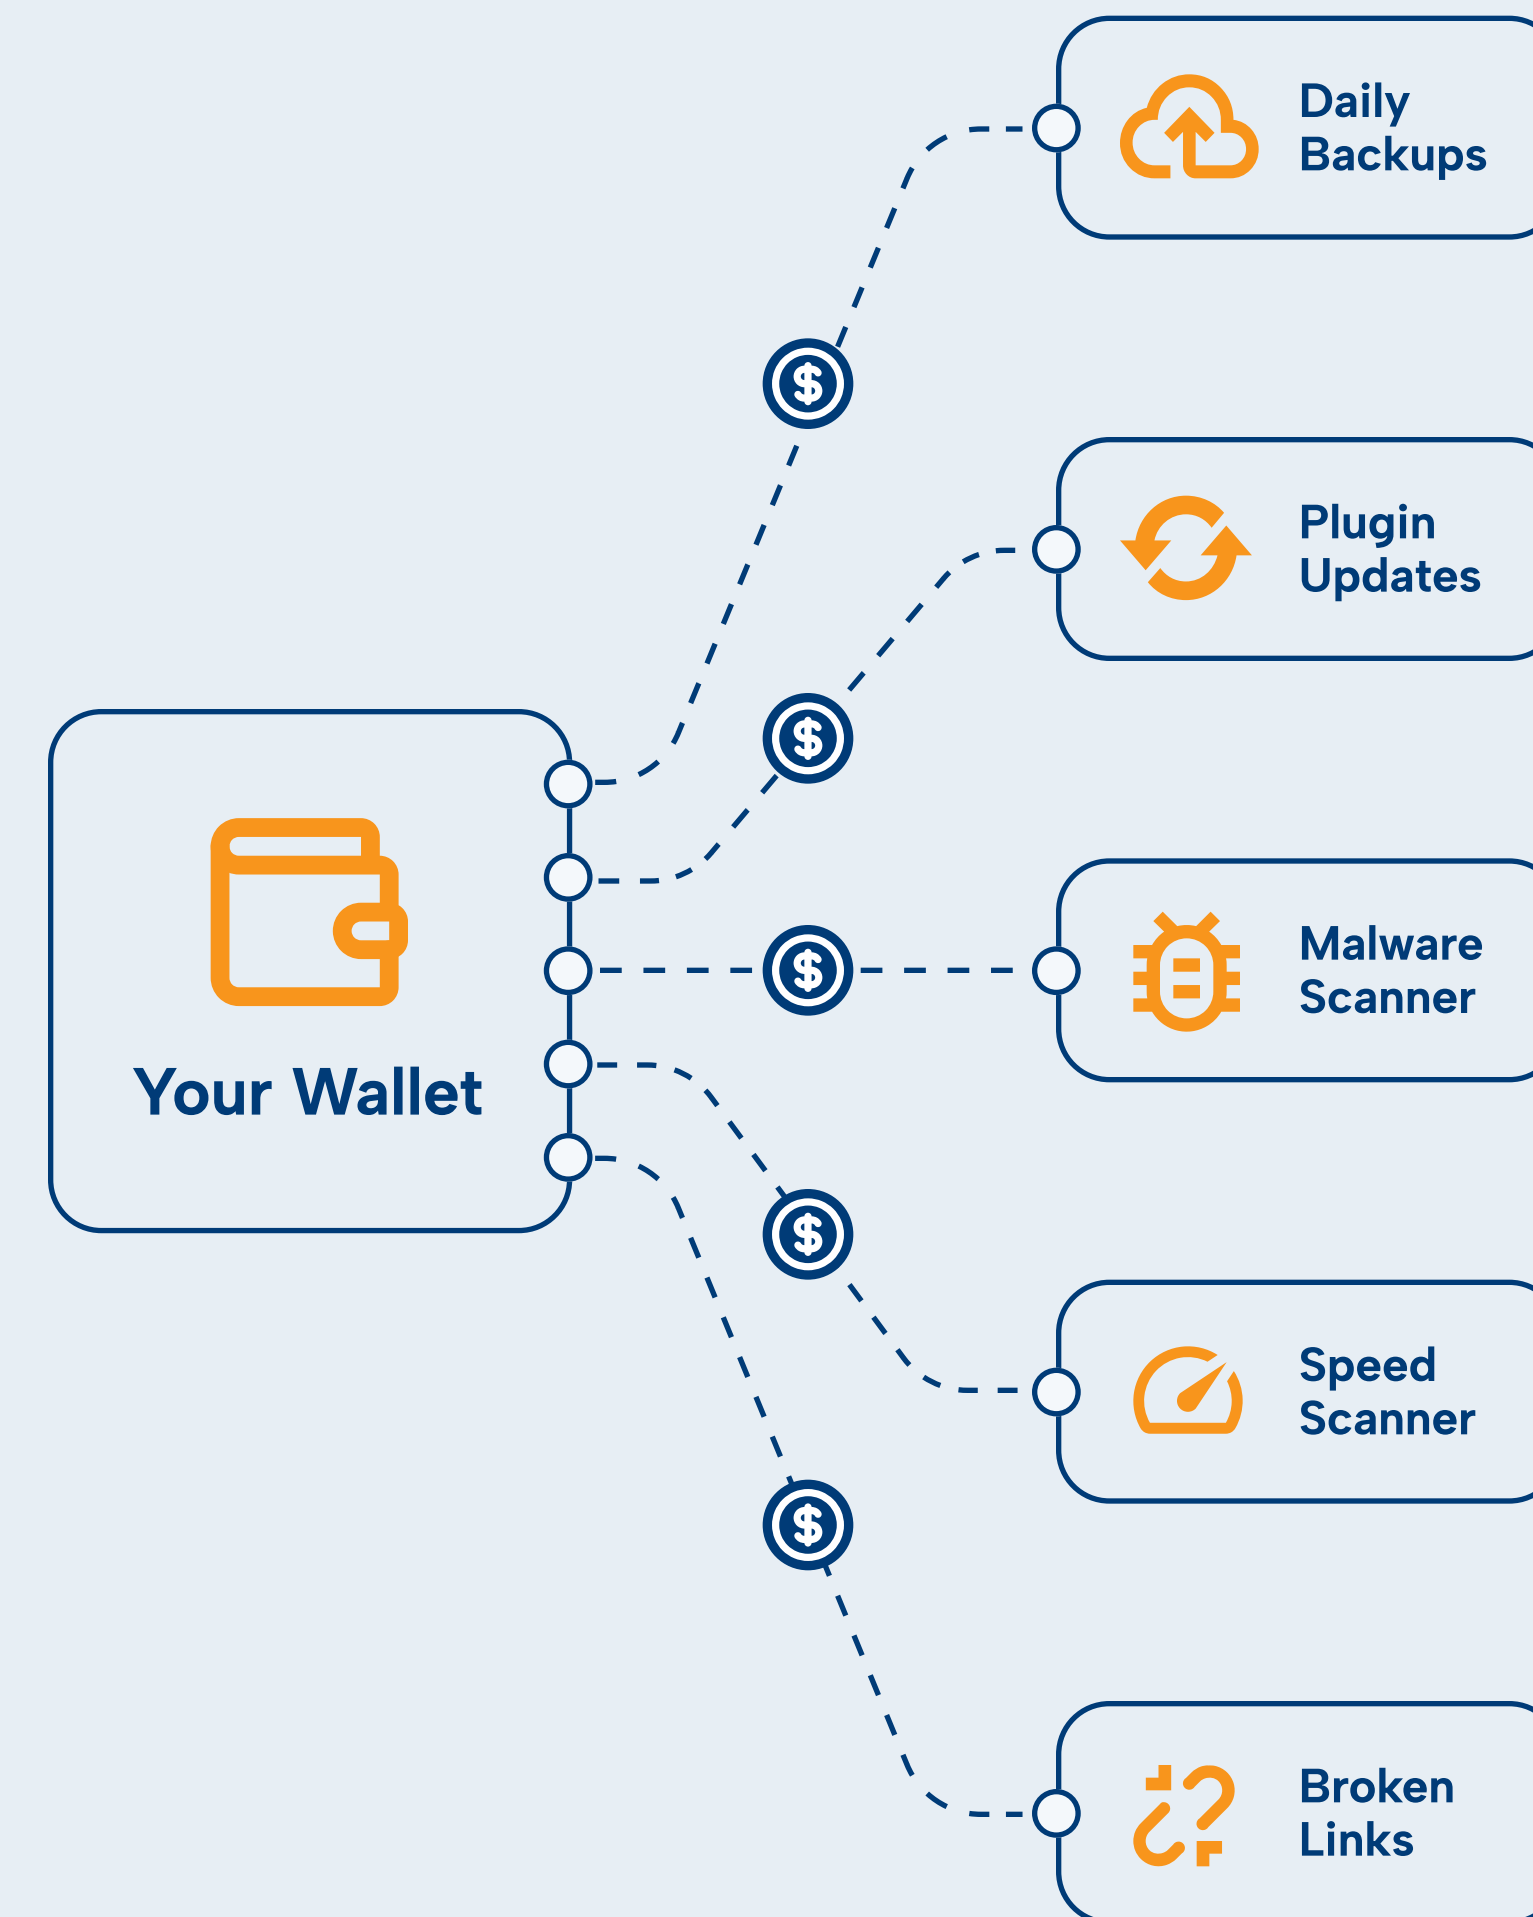

Through the Webueno platform, agencies can offer premium VPS WordPress hosting to clients. Each hosting plan may include:

- Custom server configurations (CPU, RAM, storage, bandwidth)
- Daily backups
- Malware scanning
- Monthly, weekly, or daily plugin & theme updates
- Optional maintenance packages

As a partner, you receive:

10% recurring revenue from the total hosting plan cost

This means every hosting subscription becomes a steady, predictable income stream — month after month.

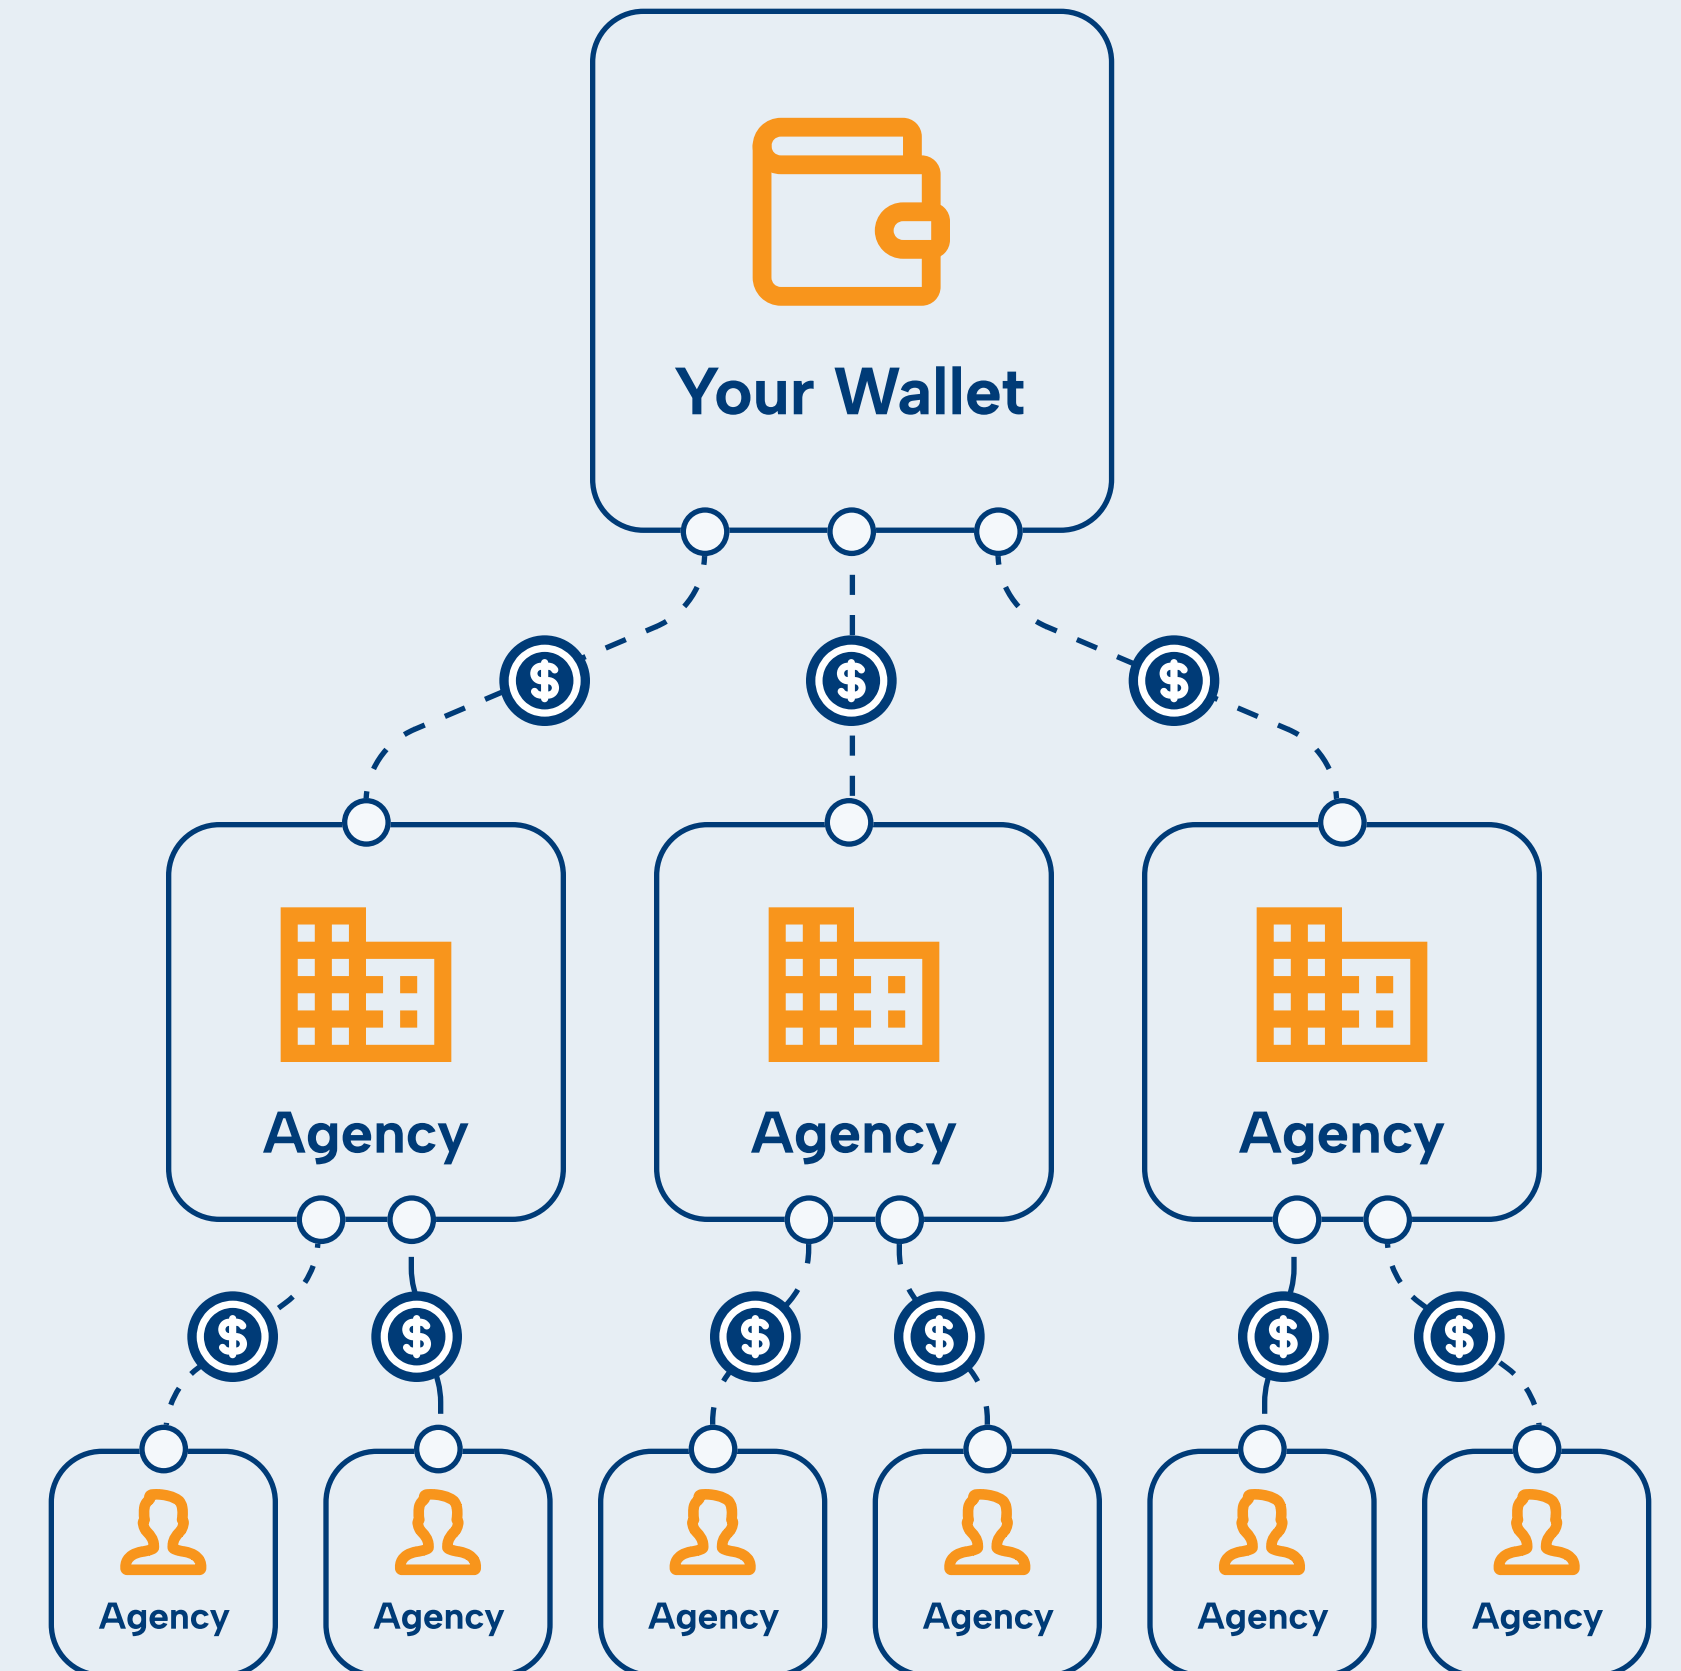

Referral Commissions

Earn money by connecting Webueno with other agencies.

If you introduce another agency that joins Webueno, you earn:

5% of all revenue generated from that agency's activity

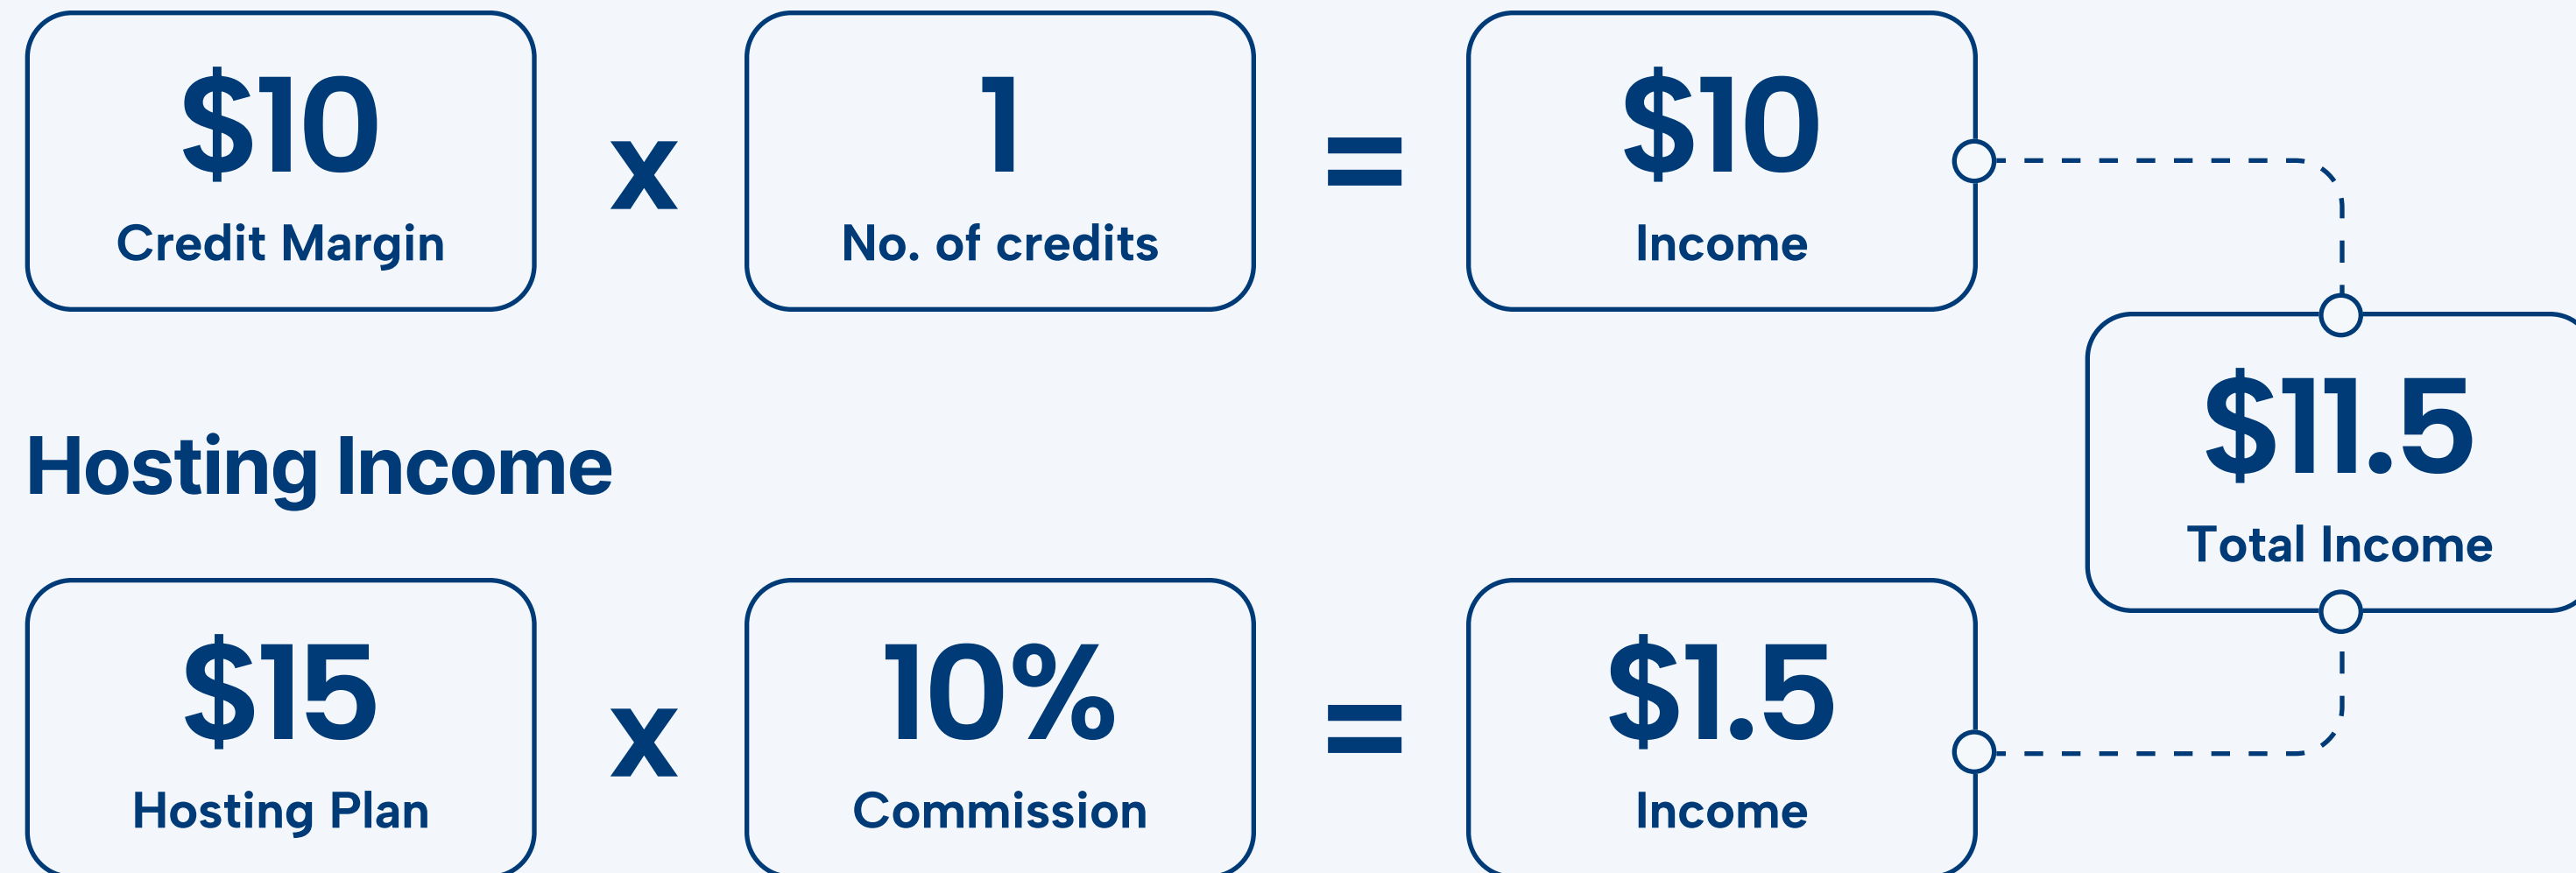

This includes their credits, hosting plans, and maintenance services.
There's no limit to how many agencies you can refer — and no cap on your earnings.
Every successful introduction becomes an additional passive income channel.
